## WILFRED H. DAVID, WHO WAS SHOT AT SEABOARD PLANT ON SEPTEMBER 1ST, DIES IN HOSPITAL; EDWARD COOK, CHARGED WITH SHOOTING, HAS BEEN UNDER \$5,000 BAIL

### Autopsy Will Be Performed Today to Determine if Bullet Wound Caused Death; Victim Had Been In and Out of Hospital Since Time of the Shooting

A man shot on the evening of September 1st while at his employment at the Seaboard Container Corporation, State Road, Bristol Township, died Saturday in the Jefferson Hospital, Philadelphia, where he had been an "in and out" patient since the shooting.

The man, Wilfred Harry David, 40, of Gloucester, N. J., at the time of the shooting was seriously injured. It was said at the time that the bullet from a .32 automatic revolver had struck David's spine.

Edward Cook, 38, of McKinley street, was charged with the shooting, and has been under \$5,000 bail since that time. David had been unable to testify, so the case had not been brought to trial.

This afternoon Dr. William S. Wadsworth, chief coroner's physician, will perform an autopsy in Philadelphia to determine if the bullet wound was the cause of death.

State police of the Langhorne barracks and Bucks County Detective Chief Fred Koehler are working on the case.

At the time of the shooting it was said by police that Mrs. Cook, the mother of three children, sat in David's car near the scene.

Following the shooting Cook surrendered to Bristol police at about 5:15 a. m., September 2nd.

David on the night of the shooting was at his employment and Cook, it was stated, gained admittance to the property of Seaboard Corporation and had David notified that he wished to see him. David came out and it was then that the shooting occurred.

At a hearing held before Justice of Peace Anthony Nicol in Bristol on September 5th, Cook was charged with the shooting and released in \$5,000 bail. Harry Crosby, Bristol, was released in \$2,500 bail, on the charge of being an accessory before and after the fact.

Cook at the hearing held September 5th entered a plea of "not guilty" through his attorney, John L. Killeen, Esq., of Bristol. Cook did not testify.

Crosby when put on the stand said that he had been with Cook since about eight o'clock in the evening. He knew that Cook had a gun, he said, and that Cook said that he

### James A. Schell Dies; A Well-Known Florist

A retired Bristol business man, affiliated for 30 years with the Bristol Flower Growers when that firm was located here, died yesterday. The deceased is James A. Schell, who had made Bristol his home for 60 years.

Mr. Schell had been ill for a week, but his death, at home, came as a shock to his family and friends. He resided at 312 Wood street.

The deceased was a member of Bristol Chamber of Commerce.

His survivors are his wife, Elizabeth; a daughter, Mrs. Bernard Carlen, Bristol; three sons, Irvin, Croydon, Meale, of Bristol township, and Reuben, of Bristol; two sisters, Mrs. William Weber, Philadelphia; a brother, Erwin, of Yakima, Wash.; and 10 grandchildren.

The Rev. William Hakes, pastor of First Baptist Church, will conduct the service at the late residence of the deceased at two p. m., Wednesday. Burial is to be made in Bristol Cemetery, with George Molden, funeral director, in charge. Friends may call Tuesday evening.

### PEACE TALKS

TOKYO—The five Allied truce conference delegates reassembled at their advance camp in Korea tonight, prepared to resume the recessed talks which staff officers gave less than a 50-50 chance of succeeding.

Vice Adm. Charles Joy, chief delegate, and two of his colleagues landed in helicopters at the truce base, 15 miles southeast of Kaesong, at 5:20 a. m. EDT after returning from Tokyo.

The other two delegates were already at the camp. All five immediately began preparing for the ninth Kaesong session scheduled to convene at 9 p. m. Tuesday EDT unless the Reds beforehand comply with an Allied request to resume the talks earlier if possible.

### Body of Morrisville Man Is Being Returned to U. S.

The bodies of 489 Americans who lost their lives as a result of the fighting in Korea are being returned to the United States aboard the Baylor Victory the Department of Defense announced today.

The ship is expected to arrive at the San Francisco Port of Embarkation on or about July 23.

Next of kin concerned have been notified of the imminent arrival of the vessel. The bodies will be sent with an escort to the point designated by each individual next of kin.

Included in the list of dead being returned is: Sergeant First Class Casimir P. Kaczor, husband of Mrs. Josephine Kaczor, 648 Osborne avenue, Morrisville.

### BRACKEN CADETS WIN SECOND HONORS

Bristol Drum and Bugle Corps Takes Second Place at Wildwood

### OSMOND POST IS FIRST

The Robert W. Bracken Cadet Corps placed second in the "Pageant of Drums" (field competition), held at the Municipal Athletic Park in Wildwood, N. J., on Saturday.

This affair was sponsored by the Greater Wildwood Drum and Bugle Corps.

The following corps participated and are arranged in the order as they placed. First place went to the Raymond T. Osmond Post, No. 1692, Cadets, V. F. W., of Philadelphia, with a score of 93.633; Bracken Cadets second with score of 92.466; third, Yearley Cadets, V. F. W., of Philadelphia, score, 91.766; fourth, the Hamilton Post Cadets of Bordentown, score, 86.766; fifth, Tri-Community Cadets of Newton Square, score, 78.466; and sixth to the Horn Ross Weiss Cadets of Philadelphia, with a score of 76.466.

Preceding the field competition the corps paraded on the boardwalk.

### GIRL FOR WINDERS

A daughter was born Friday morning to Mr. and Mrs. Warren Winder, Middletown township, in Nazareth Hospital, Philadelphia.

### Retired PRR Employee Dies at Croydon Home

CROYDON, July 23—A retired employee of the Pennsylvania Railroad, Frank M. Sperling, died at his home Saturday evening following a lengthy illness. Mr. Sperling lived at State road and Cedar avenue. He was in his 78th year.

A resident of this community since 1940, he formerly made his home in Bristol. He retired in 1932 after 30 years with the P. R. R.

His wife, Jean, survives, as do also a daughter, Mrs. Charles Maphis, Bristol Terrace; a son, George L. Sperling, Croydon; a brother, the Rev. Charles Sperling, Columbus, O.; two sisters, Mrs. Albert Moxey, Haverstown, and Mrs. Myra S. Morton, of Alabama; three grandchildren and one great-grandchild.

The Rev. Donald May, pastor of Edgington Presbyterian Church, will participate in the service at two p. m., Wednesday, at the funeral home of John C. Black, 314 Cedar street, Bristol. Friends are invited to call Tuesday evening.

### WEEK-END HIGHWAY TOLL IS TEN HURT

Hundreds of Dollars Damage in Six Crashes; Some Drivers Arrested

### VARIOUS COMMUNITIES

Six accidents, ten persons injured, damage to automobiles in the hundreds of dollars, and some arrests—this is the week-end toll on lower Bucks County highways and by-ways during the week-end.

An Edgington man was pronounced unfit to operate a motor vehicle and held for \$500 bail before court, as the result of an accident in which he was involved yesterday at 12:15 a. m., near the foot-bridge over the Pennsylvania Railroad on Route 13, Bristol Pike, near Bristol Heights. Joseph A. Donnelly, Edgington, operating a one-half ton "pick-up" truck, was attempting to back from a side street at Bristol Heights into Route 13. In doing so, he collided with a sedan travelling south on Bristol Pike operated by David Trindle, 727 Wyoming avenue, Croydon, who is in the U. S. Army stationed at Fort Dix. N. J., home on a week-end pass. Trindle was accompanied by Miss Joan Muffet, 728 Cedar avenue, Croydon.

No injuries are reported; however, the Trindle machine is a total wreck, according to Joseph Seader, Bristol township chief of police, who investigated. Donnelly was taken to the office of a Bristol physician where he was pronounced unfit to operate a motor vehicle and a hearing was held before Justice of the Peace Richard A. Hopkins, Hulmeville. Donnelly is under \$500 bail awaiting session of Bucks County court.

Two Croydon residents were removed to Nazareth Hospital, Philadelphia, by Bucks County Rescue

### Present Amateur Show Before Audience of 400

"Las Chiquitas" club of Bristol presented an amateur show in Mutual Aid Hall Saturday evening, when 400 gathered to witness the performance of 20 participants.

Masters of ceremony for the occasion were George Bannister, of Morrisville, and "Cal" Williams, of Trenton, N. J.

The affair was directed by Mrs. Elijah Frazier, 225 Wood street. Pianist for the occasion was Mrs. Mildred Herman, Wood street.

The participants were judged according to age groups, with the following types of acts in each group: tap dancing, vocalists, drummers, baton twirlers and pianists.

First prize was captured by Michael Horner and Barbara Aganza, Burlington, N. J., who are a special audition for the "Ted Mack" amateur hour; second prize went to Parker Jones, Mt. Holly, N. J., a drummer; third prize to Raymond Burrough, Burlington, N. J., baritone singer. Judges were: Mrs. Harrison Fisher, Washington street; Harry Davis, Cedar street; Mrs. Tharro, Croydon.

### KIWANIS PICNIC

## TWO RESCUED FROM DROWNING IN RIVER

### Miss Sara Granzow and Dr. Armour Wood Thrown Into Water

### YOUTHS GIVE AID

A Bristol woman and her escort were badly shaken up when hurtled into the Delaware river from their craft yesterday afternoon, and both were exhausted when they were aided to shore.

Involved in the incident were Miss Sara Granzow, North Radcliffe street, whose pet puppy, an English springer, scratched her back in his frenzy at meeting the water for the first time; and Dr. Armour Wood, a resident of Trenton, N. J.

Those who went to the aid of the two were David and Edward Johnson, in their "runabout," and Donald Wetherill and his cousin, George Wetherill, in a canoe.

It is stated that the puppy leaped from one side of the "runabout" in which Miss Granzow and Dr. Wood were riding, as they were about 100 feet off shore, in the North Radcliffe street area. The boat, making a turn at the time, was thrown off balance, and the two individuals and the dog were hurtled into the water. Dr. Wood losing his eyeglasses. The four boys arrived in their crafts almost simultaneously, and helped the two and the dog into the Johnson boat. The boys also secured various pieces of "gear" which were floating in the water.

A yacht arrived and attempted to tow the Granzow boat ashore, but the line broke. At that time George H. Wetherill appeared on the scene in his "runabout," and towed the boat to shore, it later being taken to the Granzow dock.

"The puppy became panicky as he had never been in the water before," states Miss Granzow. "He climbed on my head, and pushed me under twice. We were both exhausted when we reached shore."

### PICNIC SUPPER

TULLYTOWN, July 23—On July 17th, the W. S. C. S. of the Methodist church and the Bible class of the Sunday School held a picnic and "doggie" roast at the home of Mrs. John Baker, Edgely. Games were played and a picnic supper enjoyed by Mrs. William Swangler, Mrs. Helen Nichols, Mrs. Clara Mabery, Mrs. Henry Clay, Misses May Lovett, Marjorie Roberts, Tullytown; Mrs. Norman Slaymaker, Bristol; Mrs. Etta Mabery, Edgely; Miss Irene Baner, Mr. and Mrs. John Baker and children, Louella, Vivian, John and Rudolph.

### TO GIVE CARD PARTY

## "Suspect" Opens Tonight, Starring Florence Reed

NEW HOPE, July 23—Florence Reed opens tonight at the Bucks County Playhouse, here, as the star of the thrilling international success "Suspect", which will run for one week with matinees on Wednesday and Saturday.

This is Miss Reed's only appearance this season at a summer theatre. It marks her third starring role at Theron Bamberger's Playhouse. Last year she was the star of "The Royal Family" and the year before gave a memorable performance in "The Circle".

A featured role will be played by Edwin Jerome, who has been seen at the Playhouse in "The Late George Appley", and in "The Jailor's Wench", and who is a well known television and Broadway leading man. Ruth White, who gave such a brilliant performance in "Come Back, Little Sheba", will also be featured. Others include Pamela Simpson, Gene Blakely, Ronald Telfer, and Helen Backlin. Robert Caldwell staged the play and Richard V. Hare created the setting of a secluded English country home.

They will leave from there for Willow Grove to participate in a parade of fire companies and auxiliaries of Bucks and Montgomery counties. After the parade there will be a pumping demonstration.

## SENATOR EDWARD B. WATSON MAKES RADIO APPEAL IN BEHALF OF REPUBLICAN CANDIDATES ENDORSED BY COMMITTEE

### Explains the County Government and Shows Importance of Selecting Right Type of Men and Women to Operate It—Growth of County Makes Primary Election Tomorrow An Important One.

Speaking as secretary-treasurer of the Bucks County Primary Campaign Committee, State Senator Edward B. Watson Saturday night delivered a county-wide radio talk on behalf of the candidates for Republican nomination which the Primary Campaign Committee has endorsed.

The Republican Party's ticket of nominees for next November's general election is to be selected by the voters at tomorrow's primary election. Polls will be open from 8 a. m. to 9 p. m., daylight saving time.

Senator Watson's address follows:  
Fellow Republicans:

I am glad to have this opportunity of saying a few words to you about the primary election next Tuesday. I wish to show you how important the county offices are which will be filled next fall, and how urgent it is that we Republicans select the best possible nominees in our primary.

Your county government is a large business operation. It administers a big and complicated enterprise. Your county officials are the managers and the board of directors of this business. You, as citizens

and taxpayers of the county, are the stockholders.

Let me show you some of the types of business which are involved in this year's elections.

One side of the county's business is maintaining law and order. This means more than police work. The big deterrent to lawlessness is the punishing of those who are guilty of crimes and misdemeanors. Likewise, the thing which keeps citizens from grabbing clubs and fighting out their differences with each other is the fact that they can go to court and have competent, impartial judges work out a fair settlement between them.

In a county such as Bucks, where we have increased our population nearly fifty per cent between the last two censuses, it means that a great many new people are coming in, strangers to us and to each other, and a great number of legal problems arise. The work of the Bucks County courts has been growing by leaps and bounds.

Therefore it is important that the judges whom we nominate and elect be men of experience as well as men of ability. Heading our county ticket this year is Judge Edward G. Blester, who is running for re-election to the Common Pleas court for a full term. Judge Blester was appointed to the bench in 1949, and has served with distinction since then. Before becoming judge he was for seventeen years in a closely associated line of work, that of prosecutor in the District Attorney's office, and in three elections was the victorious Republican nominee for District Attorney. It is a tribute to his record that he is unopposed for re-election.

Successful and efficient operation of the courts calls for the election of competent clerks to take care of the paper work involved. Two of these are to be nominated this year, and your Bucks County Republican Primary Campaign Committee has endorsed H. Lamont Marsh, of Bristol, for Clerk of Quarter Sessions, and Mary S. Yardley, of Lower Mafkeld Township, for Clerk of Orphans Court.

Both these candidates are too well known to the Republicans of this county to need my identifying them to you. Mr. Marsh has been a resident of Bristol since 1914, during which time he served as judge of elections for twenty-six years. Miss Yardley is the descendant of a well known Quaker family of this county, was educated for the teaching professions, and is a member of the Pennsylvania State Republican Committee as well as of the Bucks County Republican Committee.

Still another office to be filled which deals with the broad problem of maintaining law and order is that of the County Coroner. This is a position having great importance

## HOME WEDDING TAKES PLACE IN TOWNSHIP

### Rev. Wm. Hakes Performs The Esterline-Hope Ceremony Here

### POCONO MT. JOURNEY

A home wedding ceremony took place in Bristol township yesterday afternoon, when at 2:30 the Rev. William Hakes, pastor of First Baptist Church, performed the Esterline-Hope ceremony. The wedding was solemnized at the home of Mr. and Mrs. James Hope, Bowman avenue, when their daughter, Miss Elaine H. Hope, became the bride of Mr. Lewis Esterline, son of Mr. and Mrs. Harry Esterline, 626 Race street. Mr. Hope gave his daughter in marriage.

The sole attendant of the bride was her sister, Miss Margaret Hope, who was costumed in white organza over navy green taffeta, the dress being ballerina length. With this was worn a white lace Dutch cap, and white linen slippers, the maid of honor's nosegay being made up of yellow roses.

The bride wore white lace over white silk, ballerina length, the

## Former Marshal Petain Dies; Was Jailed for Life

ILE D'YEU, France, July 23—(INS)—Former Marshal Henri Philippe Petain, 95-year-old French hero of World War I, who was jailed for life for being a traitor during World War II, died today.

The aged soldier, who headed the Vichy Government during the Second World War, died after a long illness that began when he caught a cold in mid-April.

Early this morning an official bulletin said that his condition was "increasingly alarming." He had lost almost total control of his motor reflexes and his pulse was reported to be very weak and irregular.

Petain will be buried from the Church of Notre Dame de Port Joinville, on his prison home of the Ile d'Yeu, which lies in the Bay of Biscay off the west coast of France.

Petain has been confined to the Villa Lucio on the tiny island since his removal from the prison itself last June when President Vincent Auriol modified his sentence to a "hospital pardon."

### ROAST IS PLANNED

A "doggie" roast will be held for Catholic Daughters of America, Court 1697, on Thursday at eight p. m., at the home of Mrs. A. Line-man, Croydon. For reservations, phone 4122.

### W. C. T. U. PICNIC

Members of the Woman's Christian Temperance Union and their families will participate in a picnic at Pennsbury Manor tomorrow at 6:30 p. m. Those desiring transportation are asked to call Mrs. Adam Smith, Bristol 2210.

## LATEST NEWS BULLETINS

### Say No New Taxes Are Needed

Washington—The U. S. Chamber of Commerce and the Council of State Chambers of Commerce said today that no new taxes are needed to balance the Federal budget in fiscal 1952.

In prepared testimony before the Senate Finance Committee, both organizations, however, endorsed a Federal sales tax—a request that has been received without enthusiasm on Capitol Hill.

But Clarence D. Laylin, representing the State group, suggested that some other form of a broad base excise levy might be substituted for a sales tax.

### Hope Wanes for Airplane Passengers

Juneau, Alaska—Hope waned today for 38 persons aboard a Korean airlift plane lost along the fog-shrouded Alaska panhandle coast which has come to be known as a graveyard for missing planes.

Sixteen search planes were poised to take off in a hunt for the four-engined Canadian-Pacific airlines craft which vanished shortly after taking off from Vancouver, B. C., for Tokyo late Friday. But heavy fog grounded the search planes.

### Iranians Agree to Talk Over Dispute

Tehran—Informed Iranian sources said today that the Iranian government has agreed to a suggestion of President Truman's trouble shooter, W. Averell Harriman, to talk over the oil dispute with a British cabinet minister. The sources said Harriman had suggested a meeting with British Chancellor of the Exchequer Hugh Gaitskell.

### ASSIGNMENT TO DANGER

Whether it will be possible to arrange for the release from imprisonment in Czechoslovakia of Correspondent William N. Oatis, on some such humiliating terms as freed another American, Mr. Vogeler, from a Hungarian prison, is not now evident.

The directors of the Associated Press are exerting their utmost efforts in Mr. Oatis' behalf, and the AP Managing Editors' Association will appoint a special committee to consult with the AP management and with appropriate authorities.

Mr. Oatis, as an AP directors' statement emphasizes, was convicted of espionage "when he had done no more than report established facts and daily developments in the country to which he is accredited."

Said the AP statement:

"The statute under which he was tried appears to be so all-embracing that a prosecutor and court could, if desired, find his activities in conflict with the law, if a correspondent recorded anything about public events in words other than those authorized by the Czechoslovak government."

Under such a system foreign correspondents would become mere propagandists for communist governments. Under such circumstances, the correspondent who tries to do a legitimate reporting job runs grave risks, as the Oatis case proves. Here was a correspondent held incommunicado for nearly 70 days before he was brought to trial, deprived of the right to consult an attorney of his choice and forced to testify against himself.

In communist environments the American reporter who attempts to do a job of objective coverage is in grave danger. Being a foreign correspondent in such a setting carries risks not even attendant upon being a war correspondent in active areas.

### A MYTH EXPLODED

The old myth that lightning never strikes twice in the same place has been exploded. Westinghouse Electric Corporation engineers say it always strikes twice in the same place and sometimes as many as 40 times. They have been studying the subject for more than 35 years.

They explain that a "lightning channel" is set up between cloud and earth by the first discharge. That is only a trail blazer, however. They contend any number of charge centers in the clouds may use it to send their bolts to earth. There are at least two discharges along the same channel, and more than 40 have been recorded according to the engineers.

Modern lightning protection equipment, consisting of "lightning traps" maintained on top of tall structures, is virtually fool-proof, the scientists say. They reveal also that lightning can be "cold" as well as hot. Hot lightning, which stretches out a low current over a longer period, causes most fires. The explosive kind is described as cold because it expends its high electric current in one burst.

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Feb. 26, 1903. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

**HULMEVILLE** — The Rev. Dr. Wright, of Hulmeville, represented Bucks County in the Pennsylvania Chess Association tournament held in the rooms of the Franklin Chess Club, Philadelphia, on February 23.

**PENN'S MANOR** — Tenants about to change places on April 1 are moving some farming implements occasionally before the time gets to be more precious. Joseph Wilcox took a big load of firewood to his future place near Langhorne on last Monday. He had four horses hooked up to the wagon.

Pelree & Williams and John N. De Groot have sold one of the new houses on the south side of Jefferson avenue, above Pond street, to Mrs. Clay, of Philadelphia, for \$11,850. Mr. Pelree has also sold a house on Cherry street to Felice Daelella for \$650.

Clifford Anderson, manager of the Corona Kid Company's plant, has purchased the handsome residence on Radcliffe street, opposite Jefferson avenue, from the Howell estate. It is now occupied by Rev. T. J. Garland and is one of Bristol's handsomest homes. The consideration was \$12,000.

A disastrous fire occurred on the farm of Comly Buckman on China Lane, West Bristol township, on Tuesday evening at about 7:45 o'clock. Fourteen cows, 3 horses, 1 mule, barn and contents and nearly all of the farm implements were destroyed. The farm is owned by William Bault, of Frankford, and Mr. Buckman is the tenant.

Mr. Buckman and Eli Allen, a farmhand, were at Crofton station, about one and one-half miles away, when the flames were discovered. They had just left the barn and say there was no fire in the building when they locked it. They hastened to the burning structure, and succeeded in saving one mule and a bull. In doing so, both men were painfully burned about the face and hands. The shrieks of the burning animals and the glare of the flames aroused the occupants of adjoining places. There is no fire company nearer than Bristol, and a bucket brigade was the only force available. With this feeble supply of water the neighbors succeeded in saving the big farm house, but the barn, a two-story structure of stone and frame, was totally destroyed, with its contents and a new windmill. The loss by fire is estimated at \$10,000. Buckman cannot account for the fire's origin unless incendiary is to blame.

At a special meeting of the Bristol Borough Council held on Tuesday afternoon, the newly-elected Burgess and members of Council were sworn in by Justice of the Peace, Fred I. Kraft. They were: Burgess, Dr. Joseph deB. Abbott; Councilmen, William K. Fine, Josiah M. Owens, James H. Brooks, Frank Flum, Edward Hoeding, Patrick Dougherty and James Dugan. George Buckley, new member from the Second ward, was not present.

A special meeting of the Bristol Board of Health was held last night to take further measures to effectually stamp out the smallpox epidemic that has infected Bristol. All the members of the Board were present. The president, Dr. Pursell, stated that he had accompanied several days ago a committee from

the manufacturers of Bristol, Joseph R. Grundy, William C. Peirce, and Clifford Anderson, to a conference with Dr. Benjamin Lee, secretary of the State Board of Health, to consider the expediency of adopting additional measures to those already in force for the purpose of eradicating the disease, and read a letter subsequently received from the doctor to the committee giving his views upon the situation.

Dr. Lee advises the immediate erection of a building for a hospital and that every case as soon as discovered be sent to the said hospital. He also advised that all infected houses be watched day and night both in front and rear, by reliable guards. He also said that a house to house canvass should be made by vaccine physicians appointed by districts, who should be compensated by the Board of Health. Careful disinfection and the burning of the beds on which patients have slept were urged. All employers of operatives should insist on the vaccination of the latter on pain of dismissal.

### Senator Watson Makes Radio Appeal in Behalf Of Republican Candidates

Continued from Page One

In the keeping of proper records on vital statistics, as well as in dealing with the question of whether deaths occur from natural causes or under suspicious circumstances.

For this important post, the Primary Campaign Committee has endorsed a man whose qualifications for the job are self-evident. He is Russell J. T. Ferris, of Ottisville, who studied at the Fordham Law School, has been a justice of the peace for nine years, and for nineteen years has been successfully in business for himself. He is a past president of the Riegelsville Kiwanis Club, a war veteran, member of the Bucks County Republican Committee and of the Bucks County Loyal Republican Club.

The Board of Directors of the county's business affairs consists of the three county commissioners. Bucks County, has had, for many, many years, a tradition with regard to these three offices. One of them, under the laws, must go to the Democratic or minority party. With the other two, it has been our custom to have each serve two

terms, with an incumbent running alongside a new man at each election. The purpose of this plan has been to make certain, first, that there was always at least one hold-over Commissioner who was fully familiar with the details of the work, and second, that there was always an "understudy" coming along to take up the major burden later.

The hold-over Commissioner, running for re-election, is Joseph W. Hallowell, of Warminster Township, whose past record in the office speaks for itself. He was school director of his township for six years and tax collector for eight years, before being elected County Commissioner in 1947. For him not to be re-elected County Commissioner would be a grave mistake, since it would remove from the Commission the man who is expected to be its wheelhorse during the coming term.

The new man running for nomination as Commissioner for the first time in this primary is Thomas R. Lewis, of Perkasie. He is long experienced in public service, having been an official of the Perkasie Park Commission for sixteen years, during which time he was instrumental in establishing the beautiful Lake Lenape Parkway. He also has been a member of the Bucks County Planning Commission since that body was created.

I urge you that when you go to the polls next Tuesday, you make especially sure that you mark your vote for Mr. Hallowell and Mr. Lewis for County Commissioner.

Among the big jobs of the county government is the keeping of records, and one of the most important of the types of records which have to be safeguarded and maintained so that they are available upon need are wills.

These testamentary documents vitally affect the ownership and the clear title to property, and therefore are of the utmost concern both to those who have inherited estates, and to those who have accumulated savings which they wish to bequeath.

Under successive Republican regimes at Doylestown, the keeping of such records has been modernized and streamlined to the point where it compares favorably with the practices of any county you can find anywhere.

Proven ability and experience for taking charge of such work are highly desirable. The Republican Party is fortunate to have available as a candidate for nomination a man who has had definite experience with it. C. Herbert Haldeman, of Doylestown, who has been Deputy Register of Wills for the past seven and a half years.

Mr. Haldeman also has had administrative experience with a

large chain store for nineteen years. He is a member of the Loyal Republican Club, as well as charter member and first treasurer of the Doylestown Lions' Club.

Every business firm needs a treasurer, and the business administration of Bucks County is no exception. The custody and recording of the large sums of money which come into the County's possession as taxes and other revenues, and are paid out in the form of appropriations, or maintained as reserve accounts in the bank, are functions which call for the services of a man whose ability and integrity are beyond question.

The man who has been endorsed by the Bucks County Republican Primary Campaign Committee for this position is George A. Krikory, of Lower Richland Township, a war veteran who took part in five major European campaigns and was awarded the Bronze Star during the recent World War. Mr. Krikory has been a construction foreman of the Pennsylvania Highway Department for twelve years. He has served as judge of elections in Lower Richland Township for six years. You will make no mistake in casting your vote for Mr. Krikory.

When you look at your ballot, you will find one more county position to be filled. That is the job of County Surveyor. For this post, the incumbent is running for re-election. He is Amos J. Kirk, whom the Primary Campaign Committee is proud to endorse.

Now, Fellow Republicans, let me say one final word about the primary next Tuesday, and about your responsibility to see that the best possible ticket of nominees is chosen for the fall campaign.

I have outlined some of the highly important functions of the county government which are at stake in the elections this year, and have identified for you the candidates whom the Bucks County Republican Primary Campaign Committee has endorsed.

How can you go about being sure that you actually cast your vote for these candidates, and do not forget some of the names between now and the time you mark your ballot?

Let me remind you that you, as a registered Republican, received through the mail in the last few days a marked sample ballot. This was sent to you for your convenience in voting next Tuesday. Save the ballot, and take it to the polls with you.

An "X" put into each of the squares on your official ballot just as they appear on the sample ballot will record you as voting for each and every one of the outstanding candidates whom I have just described to you.

Thank you for your courtesy in listening. Good night.

## The High Cost of Walking

Most of us remember when we could buy a pair of shoes for little more than it now costs to have them repaired.

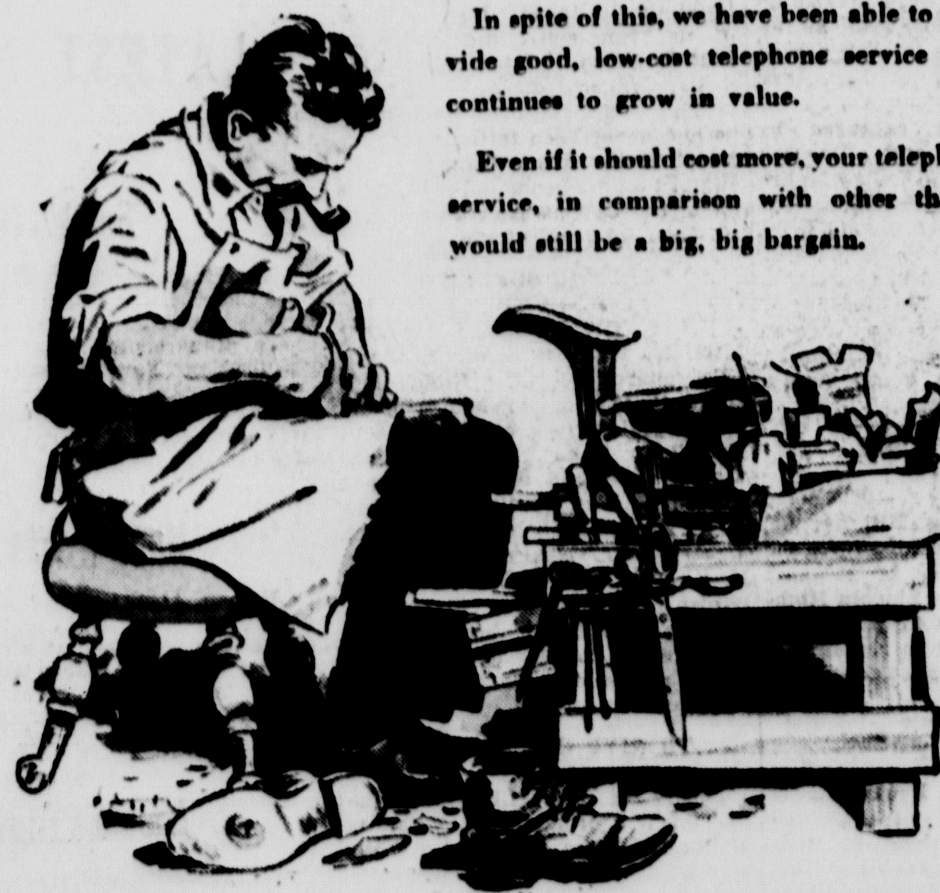

But don't blame the man who makes the repairs. He has to pay more for everything he uses. Blame the dollar! It just won't buy what it used to.

We are feeling the pinch, too.

The cost of supplies and equipment used in the telephone business is going up and up, just like the cost of supplies and equipment for other businesses.

In spite of this, we have been able to provide good, low-cost telephone service that continues to grow in value.

Even if it should cost more, your telephone service, in comparison with other things, would still be a big, big bargain.

## Vote For The Bond Issue and Save \$156,400!

Cost of financing \$400,000 authority bonds ..... \$272,900  
Cost of financing \$400,000 municipal bonds ..... \$116,500  
SAVINGS BY APPROVING BOND ISSUE ..... \$156,400

## A STATEMENT ON THE PROPOSED SEWER BOND ISSUE WHICH HAS BEEN AUTHORIZED BY BRISTOL BOROUGH COUNCIL and Approved by the Burgess

You have a general idea of the story of the Delaware River and how, since this valley was first settled, but especially in the past fifty years, it has deteriorated from a fine, natural stream filled with fish into an over-polluted, sluggish, sediment-laden stream that is a menace to health and a detriment to the community.

The people who live along the Delaware get part of their household and drinking water from the river. They likewise in the past have drained waste and sanitary sewage into it, some untreated and some inadequately treated.

Ponder a moment on the nature of sanitary sewage. It has only been in recent years that the public has been generally informed of the tremendous work which has been undertaken by the State to clean and rehabilitate the streams of Pennsylvania, including the Delaware River, but it is not a new thing.

Bristol Borough was the first Pennsylvania community in the Delaware Valley to set up a municipal sewage plant so as to treat the sewage before releasing it into the river. Working with the state authorities, various improvements in the plant were made by the Borough authorities. These provided primary treatment of the sewage. Now, in the state's stream-clearance program, the Borough has been ordered by the Commonwealth of Pennsylvania to prepare its sewage plant for secondary treatment.

Primary treatment removes only the settleable solids from the sewage and goes only 35% of the way. The additional treatment now required by the Sanitary Water Board is full and complete treatment going 85% of the way and removing not only the settleable solids from the sewage, but also the organic matter which is in solution.

The State notified the Borough of its program several years ago, but the effective date was delayed by various factors, including the post-war scarcities. Now the time has arrived when the Borough must act. The State has the power to enforce its decrees in this connection. This is not local. It is part of the total clean-up of the river. The State expects all of the local municipalities, including Bristol, to do their part. Bristol is only asked and required to take care of what it itself discharges into the river.

### THE COST AND HOW IT IS PROPOSED TO PAY IT

On Tuesday, July 24, Bristol voters will be asked to approve a proposed increase in the bonded debt of the Borough in the amount of Four Hundred Thousand Dollars (\$400,000) for the purpose of paying the cost of alterations and enlargements in the present sewage plant, including the installation of the secondary treatment works.

Because it means a substantial saving in interest costs, the Bristol Borough Council contemplates amortizing the proposed loan over a period of twenty years. Investment banking experts advise us that 20-year bonds for this purpose can probably be sold at an interest cost of 1 and 7/8 per cent, while 30-year bonds probably would cost us 2 per cent. The extra fractional per centage cost of the 30-year bonds, applied to the 50-per cent longer time for amortizing the loan, represents a substantial dollar surcharge for the 30-year bonds.

Moreover, one of the big advantages of the 20-year issue as compared with the 30-year loan is the fact that the shorter-term bonds would permit us to re-build our borrowing capacity at a much faster rate, and be in a position to meet any new demands upon the Borough's credit without embarrassment.

The question arises—what will this debt mean to the average householder and homeowner in Bristol?

It is planned to pay the interest and retire the debt out of sewer rentals. A good deal of speculation has been going on to the effect that these new sewer rentals would be enormously high.

The truth is that the largest figure which has been discussed for the rentals is 40 PER CENT OF THE WATER BILLS.

You know how much water rent you pay. It is, incidentally, the same rent that was fixed when the Borough built its water plant more than forty years ago, and is one of the lowest water rents in the state. You know how much 40 per cent of it would be. Average water bills in the Bristol area run about \$20 a year, so the new sewer rent would run about \$8 a year.

A sewer rent of this size would yield approximately \$35,000 annually of which \$7,500 would be appropriated (in 1952) to the sinking fund for paying interest on the \$400,000 bond issue, and the balance, \$27,500, would be appropriated to the Health and Sanitation Committee of Borough Council for the purposes of paying the cost of maintenance, operation and repair of the sewer system, including contemplated increases in the cost of maintaining such system.

A sewer rent of \$8 a year is very small, no matter how you go about measuring it. Sewer rents in other communities are mostly larger than that. As for cesspools, if you figure together the cost of constructing them and maintaining them, with the cost of keeping them clean, you will find that they average out to between Thirty and Eighty dollars a year.

### WHAT WILL HAPPEN IF THE VOTERS DO NOT APPROVE THE PROPOSED BOND ISSUE?

The answer is simply that the sewage works will be built anyway. There may be some delay, but only briefly. AND THE COST WILL BE MUCH GREATER!

The State of Pennsylvania is forcing sewage treatment. It has compelled the coal mines to stop dumping their wash water into the rivers. It has compelled the industries to stop dumping untreated industrial waste into the rivers. It is now beginning to put pressure upon municipalities which have not started to do their share.

The State of Pennsylvania has the power under law to compel compliance. It is not going to back off. The State has gone too far with its stream-clearance to allow anything short of 100 per cent compliance when it comes to stopping the discharge of inadequately treated sewage into the Delaware River. Therefore the proposed sewer enlargements in Bristol will have to be made.

If the proposed bond issue fails short of approval, Borough Council will have no alternative but to proceed immediately with the formation of a municipal authority, and to issue authority bonds which do not require approval by the voters. Since the Borough has the borrowing capacity to do the work by a direct loan, this would be unfortunate. It would cost, in interest, one-third more to pay off the loan in authority bonds than in the general obligation bonds during a 20-year term, and 37.5 more during a 30-year term.

However, the more dollar difference in interest does not tell the whole story. General obligation bonds are retired on a regular and even schedule, whereas with the authority bonds very few are retired in the early part of the term, and an increasing amount until maturity. This means that in a term period of the same length, the average life an authority bond is longer than that of a general obligation bond.

Taking this into account, along with other factors having to do with the authority practices, it can be figured out that a \$400,000 thirty-year bond issue, if handled through an authority, would cost a grand total of \$202,400 in interest, compared with \$114,000 for the general obligation bonds for the same period, or an excess cost of \$88,400 for the authority, which is to say, 77.5 per cent more. Counting in other charges, the saving by the bond issue is \$156,400 compared with use of an authority.

In addition, the Borough would lose control of its own sewage plant for the duration of the debt, under some circumstances might lose it forever. For example, the authority would have the right to fix salaries for its employees, and require the Borough to pay for them. The authority also would have powers of making enlargements, purchases, or undertaking new enterprises, which the Borough Council might find difficult to keep under control.

Some estimates are that, even under the best of management, the costs of administration and legal work under an authority would be tripled by comparison with direct Borough management under a general obligation loan.

But even in the cases where the excess cost of the authority, figured on an annual basis, does not appear to be great upon first glance, it should be remembered that these add up to large amounts over a period of years. For example, in a recent authority project created in an amount almost the same as that of Bristol's contemplated bond issue, it was estimated that the administrative expenses would run \$2100 a year, which amounts to a total of \$63,000 in the thirty-year period which the authority will exist.

The simplest, safest, best and cheapest method of getting the sewer enlargements which the Borough will be forced to undertake is for the voters to approve the \$400,000 bond issue which will be submitted to them at the primary election July 24.

Squad as the result of injuries sustained in an accident on Saturday at 12:20 p. m. at New York and Christy avenues, Croydon. According to report from Joseph Seader, chief of police, Bristol township, a machine operated by Richard H. Green, 711 Patterson avenue, Croydon, travelling east on New York avenue, collided with a vehicle operated by Charles Moore, 1016 Pennsylvania avenue, Croydon, travelling north on Christy avenue. Both machines were considerably damaged.

Lynn Green, 13, an occupant in Green's machine, sustained lacerations of the right side of nose and upper and lower lips; Mrs. Eleanor Moore, 58, received contusions of the right wrist, abrasions of little finger of right hand. Investigation was made by Officers Seader and Chaplin, Bristol township police.

Two women, passengers in one of the two cars involved, were injured in a crash at the intersection of Bellevue avenue and U. S. Route 1, Pennell, at 12:15 yesterday morning. State police, Langhorne barracks, report that a car operated by Beauregard Doney, 53, of Chicago, Ill., went through a "red" light, travelling east on U. S. 1, striking a car operating south on Bellevue avenue by Roy C. Ramsey, 16 years, of R. D. 2, Langhorne. The injured are: Isadora Doney, Chicago, injury to left knee; Pearl Sanders, 66, Chicago, bruised left knee. The two passengers in the Doney car, were taken to Nazareth Hospital, Philadelphia, by Trevores Heights Rescue Squad. Damage to the Doney car is listed at \$200, and to the Ramsey machine, \$150.

At 10 o'clock yesterday morning, a car operated by Max C. Slaffoff, 75, of 217 Radcliffe street, and one driven by William Munchback, 32, Main street, Newportville, were involved in an accident at Durham and Trenton roads, Middletown township. State police, Langhorne barracks, claim that Slaffoff pulled out from a "stop" sign on Trenton road, into the path of the Munch-

back car travelling on Durham road. Damage to the former's car is \$200, and to the Munchback machine, \$400. Slaffoff will be arrested according to police, the charge to be reckless driving. Joseph Sokaz, Hulmeville avenue, Pennell, a passenger in the Munchback car, has a laceration of the forehead; and Slaffoff sustained a laceration of the head.

Eddington was the scene of a crash at six p. m. Saturday, when a machine driven by Raymond Bannon, 17, of Walnut avenue, Andalusia, and one with Francis John Brutschea, June and Lavender avenues, Eddington, at the wheel, were involved. The scene was Maple and Marian avenues, Eddington. Bannon is to be charged with reckless driving, state police claim. He was travelling on Marian avenue, and Brutschea on Maple avenue. The Bannon machine was damaged to the extent of \$400, and the Brutschea machine in the amount of \$600.

Four were injured at Hulmeville yesterday afternoon at 3:35 p. m. It is claimed that two cars were involved, one driver attempting to pass another on a curve on the southern part of Main street. Bucks County Rescue Squad removed the following to Nazareth Hospital, Philadelphia: Nicholas Grudza, Hulmeville, possible fractured nose; Stephen Tefenka, Philadelphia, laceration of head; Mrs. Catherine Tefenka, Philadelphia, bump on head; Joseph Stowe, Bristol, shock.

## NIGHT PHONE

NEW YORK. — (INS) — Manufacturers have come out with a gadget that allows you to telephone late at night without turning on the light and disturbing the rest of the family. It attaches to the side of your telephone and illuminates the dial when you lift the receiver. There's even a tab at the end for recording the telephone numbers of your doctor, police and fire departments, in case of emergency. And by flicking a switch, you can change the device to a soft night light.

The name paper is derived from the Latin word Papyrus.

## ENSALEM CLUB SCORES WIN OVER NEWPORTVILLE

CORNWELLS HEIGHTS, July 23.—Bensalem Sporting Club made four hits yesterday but taking advantage of passes managed to score enough runs to register a 7-5 win over Newportville in a Bristol Youth League match. The triumph enabled Ensalem to take second place in a circuit.

Joe Muth started on the hill for Newportville and had a very bad day at innings. After Bill Condit's single had scored two runs, he walked both Harvey Crowthers and Dick Weaver to load the bases. Muth was then replaced by Lester Gibbs.

Parker greeted Gibbs with a pile to clean the sacks and practically put the game in the bag of Ensalem as he counted on Dick Oyd's hit.

In all, the two Redskins' pitchers ve up eleven walks. Dallas Jenks went the distance for Bensalem. The losers kept pecking away and managed to score five runs on seven hits but Jenks was nater in the pinches.

**Wilfred H. David, Shot At Seaboard Plant Last Sept., Dies in Hospital**

Continued from Page One  
 ad had some trouble and that if he, meaning apparently David, got rough he was going to scare him.

Cook and Crosby, according to a witness met after the shooting at a taproom and had some drinks. The pair then got into the automobile and started to Bristol. Crosby said he took the gun from Cook and that Cook wanted it back telling Crosby to be careful of fingerprints. Crosby said he told him that fingerprints would not hurt "me."

The pair came to Bristol where they were picked-up early the next morning and taken to the Bristol police station.

Habeas Corpus literally means, you may have the body.

## CROYDON WINS CHAMPIONSHIP OF YOUTH LEAGUE

Croydon A. C. clinched the championship of the Bristol Youth Baseball League yesterday as it won its ninth game of the season. Maple Shade bowed to the Croydonites, 4-2, on the Delhaas field.

A triple by Cliff Holgate spelled the doom of the Maple Shade team. With two away in the sixth and Joe Dominick on first as the result of a single, Holgate slammed one of Ben Gartner's pitches for a long triple to score Dominick. Holgate scored on a base knock by Bob Kaiser.

Dick Orner was the winning pitcher. He allowed Maple Shade six hits, two of which were made by "Jim" Ehrenfried. Orner struck out nine and walked but one.

Gartner was solved for seven hits. Three of these, Holgate's three-bagger and doubles by Lou Loeffer and Joe Dominick, were for extra bases. Dominick drove in a run and scored one.

Croydon played without the services of Bill Moil who reached his 19th birthday and is now ineligible for Youth League ball.

**Pipeline Construction Depicted in Lions' Film**

ANDALUSIA, July 23.—The semi-monthly meeting of Lower Bucks Lions Club was held at Tally-Ho Inn, Thursday evening. The meeting was called to order by the president, Harold Weinland, and the blessing was asked by John Ferguson.

Richard Brackin reported on the charity show, which the club participated in last April.

Guest speaker was E. Roland English, eastern divisional manager of H. C. Price Co. He spoke on "Pipeline Construction" and showed a film on methods of preparing pipes to guard against corrosion.

## SUBURBAN NEWS

### HULMEVILLE

A vacation at Ship Bottom, N. J., was concluded yesterday by Mr. and Mrs. Lewis Brunner and daughters, Martha and "Beth." For a portion of the time, Mr. and Mrs. William Newbold and son "Webbie," joined the Brunners at the resort.

A brief Church Workers conference is to be held at eight o'clock this evening in Neshamony Methodist Church. Final plans will be made for the Sunday School picnic to be held Saturday at Menlo Park, Perkasee. The Methodist S. S. and the Grace Episcopal Church School will hold a joint picnic, the groups leaving the borough at 9:30 a. m., Saturday. It is asked that those from Neshamony S. S. who plan to attend notify either the pastor, Sunday School superintendent, or one of the Sunday School teachers by Wednesday.

Shirley McCarthy, Pennell; Carol Jean Rongley, Middletown township; "Betty" Burns, Elizabeth Ermer, and Jane Fry spent last week at Pocono Plateau, representing Neshamony Methodist Church groups.

**EMILIE**

Mr. and Mrs. Henry Scheese, Miss Marjorie Ann Scheese, here, Delmar Behnke, AD3, Patuxent River, Md., returned Friday after a 14 days motor trip to Hilbert, Wis., where they visited Mr. Behnke's parents and brother-in-law and sister, Mr. and Mrs. Louis Behnke and Mr. and Mrs. Delmar Schroeder. While there, Mr. and Mrs. Scheese announced the engagement of their daughter, Marjorie Ann, to Delmar Behnke. No date has been set for the wedding.

The occasion was observed at a celebration at the home of Mr. and Mrs. Louis Behnke. It also marked the first wedding anniversary of Mr. and Mrs. Schroeder, and the 26th anniversary of Mr. and Mrs. Scheese. Over 80 guests attended the affair.

Mr. and Mrs. David Myers and sons David and Fred, Irvona, of near Tyrone, moved into an apartment on the Bolton Farms, Saturday, where Mr. Myers has accepted employment.

## 300 Feet of New Rope Stolen from Silver Lake

At the expense of both time and money on the part of Bristol Blood Donors, 300 feet of rope was attached to stakes at Silver Lake bathing beach about a week ago, Friday night the rope was stolen.

This is the grim report today from the Blood Donors who day after day, during the summer months, pay two lifeguards for their hours of service from 12 noon to six p. m.

Not only the Blood Donors, but other residents who have the interest of bathers at heart, have been free with their interest, time and money in making Silver Lake safer, and the rope lines were part of the safety and fun campaign. The "donors" keep a boat and resuscitator at the beach also.

While the organization is glad to give this service to the community, members feel that individuals can and should co-operate by leaving equipment intact, and by ceasing to litter the beach and water with refuse, particularly bottles. There

are numerous cases each week of bathers being cut by pieces of jagged glass; and the "donors" state that one morning at the end of the week 26 bottles were picked up off the beach. "Please return the bottles to the stands where the purchases are made, or at least place them in the refuse cans provided," is their plea.

A "cleaner, better beach" is the desire, not only of the Blood Donors, but of other residents who want their town to be attractive and healthy.

### DUTY FIRST

MEMPHIS, Tenn. — (INS)—Tennessee smoke eaters were entertained at a convention barbecue recently at the Memphis Fire Department Headquarters. Chief Joe Klinck excused himself in the middle of the festivities, roared across town to direct his own firemen in fighting a butane gas company blaze and got back to the barbecue while the speaker was still talking. Said Chief Klinck: "They never missed me."
